Dear Friends,

In 2022, Sacramento Children's Museum (SCM) welcomed over 44,000 guests. They created masterpieces on our Community Canvas and explored their feelings in the visiting exhibit: *XOXO: An Exhibit about Love and Forgiveness*.

Our waterways exhibit retired and we introduced Manny's Magnet Wall. Future engineers constructed in Imagination Playground, explored Japanese culture with a special installation, and grew alongside the flowers in our Sensory Garden.

Among these new installations, we offered expanded Homeschool Enrichment and Sensory Friendly Play programs, offering more resources for children who need specialized opportunities for play. We are contributing to our collective future by investing in resources, time, and care for our children.

2022 was a year of creativity, learning and rebuilding for the Sacramento Children's Museum. Thank you for helping us to fulfill our mission to spark a passion for lifelong learning. We can't wait for you to see what we have planned for 2023!

Sincerely,

Sharon Stone Smith  
Executive Director  
Sacramento Children's Museum
